Bergerac®

The look of hand cobbled stone. Offering the same appealing qualities as its larger counterpart, but on a slightly smaller scale, Bergerac® is reminiscent of ancient Roman cobbled stone. Its intriguing multicolor blends and circle pavers expand your ability to create remarkable, complex, and unique designs. Your imagination is the only limit.

Mega-Bergerac®

The ultimate paver. Mega-Bergerac's timeless, hand-cobbled appearance recalls an era when horse-drawn carriages traversed European avenues. The trademark dimpled surface, unique color blends, and a variety of sizes—including the largest paver available anywhere—provide you with the ability to create one-of-a-kind works of lasting beauty.

Dublin Cobble Large Square
2 3/8" x 8 7/8" x 8 7/8"

Dublin Cobble 3-Piece Modular
2 3/8" x 6" x (3, 6, 9")

The classic antiqued paver. The gently distressed surface and antiqued edges whisper quiet, timeless sophistication. Smaller than Bergerac® and featuring a wide array of shapes, Dublin Cobble® creates a casually elegant, time-worn look recalling the hand-laid stone of centuries-old Mediterranean villas.

Dublin Cobble®

Cambridge Cobble 3-Piece Modular
2 3/8" x 6" x variable

The traditional Belgard paver. The tranquil tree-lined avenues of late 19th-century small-town America are recalled in this sturdy paver. Cambridge offers a more tailored, architectural look with its gently rounded corners and domed "pillow top" surface. The subtle color combinations and versatile pattern play make it ideal for crafting intricate circular designs and captivating serpentine walkways.

Celtik® Wall

More than a wall – it's a work of art. Rough-hewn textures and natural hues give this collection a time-honed appearance reminiscent of classic European gardens. Celtik® Wall's antiqued look is complemented by modern manufacturing, which yields precise dimensional consistency, resulting in the perfect companion to your paver projects, landscape contouring, or garden areas.

3-Piece Wall
4" x 8" x (8, 12, 16")

Broaden your design horizons. Ideal for use in the creation of caps and columns, Weston's 8" x 12" rectangular wall units can be used in conjunction with 3-piece modular units to broaden design options. Although it's a tumbled stone, Weston offers homeowners a cleaner, more sculpted look—particularly in environments that require a more contemporary approach.
